

**National Colorectal Cancer Screening Programme
Proposed Schedule for HMDP Expert 2010**

HMDP Visiting Expert in: Colorectal cancer and prevention
Name of Expert: Professor Graeme Young (Gastroenterologist, Flinders University)
Programme Dates: From: 24 May 2010 To: 27 May 2010

Key Objectives

1. To provide guidance and advice on the screening programme, including key performance indicators of measure, quality assurance framework, capacity building for clinicians and evaluation for the national programme.
2. To review the pilot colorectal screening programme findings and make recommendations for improvements in the screening delivery.
3. To submit a report on the recommendations for the national colorectal cancer screening programme, to be used as a guide for programme management and ensure continuity of follow-up care for the patients.
