

# Eulogy of Dr Jeremy Ng

by Dr S Suraj Kumar, Honorary Secretary, 27<sup>th</sup> Council,  
College of Family Physicians Singapore

It was with deep sadness that the College learnt of the recent passing of Dr Jeremy Ng, who was the head of General Surgery, Singapore General Hospital.

Since his first interactions with the College in 2016, Dr Ng has been very supportive of the CFPS training programmes, in particular the Masters of Medicine (MMed) programme.

Without his unwavering commitment to the College, the programme would not have been able to obtain such good clinical cases and training in the field of general surgery.

Year after year, his department and tutors, under his able leadership and direction, have sacrificed

time and effort to provide excellent teaching, which has greatly benefitted our trainees.

Being the Programme Director of the MMed(FM) course as well, I have also had the pleasure and privilege of personal interactions with Jeremy on many occasions.

Our Family Medicine trainers and myself, have always been touched by his professionalism, enthusiasm and humility.

Thank you Jeremy, for all your great support these past few years.

You have been a true friend of the College and you will be greatly missed.

## DEFINING TOMORROW'S MEDICINE

Be a Part of  
Our Team!

### Family Physicians & Resident Physicians

SingHealth Polyclinics aims to provide holistic care to optimise the delivery of healthcare outcomes for patients. We also provide opportunities for those who have keen career interests in the area of research and education. If you aspire to provide quality care to patients and help Define Tomorrow's Medicine, abundant exciting challenges await you right here at SingHealth Polyclinics!

You can be considered for a position in any of our polyclinics to provide primary care, which includes managing acute and chronic medical conditions, and providing preventive care and medical care for women and children.

PATIENTS. AT THE HEART OF ALL WE DO.®
